

## My WiFi MAC address, how do I find it?

Easy answer here.

Go to Google and type in the following, substitute **MyDevice** with what you own.

In Google, type 'what is my MAC address for Wifi for **MyDevice**'.

**Google** will show you how to find your **MAC address**, and then you can put this in your Form and submit it to us, so we can allow your device to stay connected with the School's Wifi, providing it your device is approved.
